

HIGH POINT ESTATES

GOOD NEIGHBOR PROJECT

When we take the time to get to know our neighbors, we feel a stronger sense of community. It's comforting to know we have neighbors who are looking out for us and will help us. The police officers who live and work in our neighborhoods also care about our safety and well-being. When we get to know our neighborhood officers and work together with them to solve problems, we create an even larger social support network where everyone feels surrounded by people who care.

THANK YOU!

We understand that this was a very difficult winter with all the snow and ice. A huge **THANK YOU** to all of our neighbors who worked hard to keep their sidewalks clear. It became increasingly difficult when all the stores in Madison ran out of Ice Melt! As a reminder for next year, you can also pick-up free sand at Elver Park which is great for adding traction to icy walkways.
